

CAREER OPENING

Wright-Pierce, Andover, MA - Are you a highly motivated and driven Water Engineer with approximately 5 to 8 years of experience that is ready to fast track your career position at an award winning employee owned firm? If so, we want to talk with you. You will have experience executing a variety of drinking water projects, along with great communication and project execution skills. You will have technical experience in the planning, design, and construction administration of drinking water source, distribution, storage, and treatment projects. Hydraulic modeling experience is preferred. The position will involve delegating to and mentoring staff. You must have a P.E. and a Master's Degree is preferred. If you want a new challenge, then Wright-Pierce is the firm for you!

Please submit your cover letter and resume to connie.taggart@wright-pierce.com
