

Tighe & Bond, Inc. (tighebond.com) is interested in identifying and hiring a Project Manager/Sr. Project Manager to grow their water and wastewater practice in New Hampshire.

Tighe & Bond is routinely recognized by ZweigWhite and CE News as one of the nation's best civil engineering and environmental companies to work for. Securing top ten finishes in each of the past two years is testament to the exceptional work Tighe & Bond does and the work environment that they offer. Individuals joining the Tighe & Bond team are choosing to join a customer focused, technically challenging growing company with a rich 100+ year history.

This position will be based in the company's Portsmouth, NH office and will be tasked with building a wastewater practice within an established office. To succeed in this role you will possess a mix of technical, client management, business development and project management skills that have been acquired and fine-tuned over a 10+-year career. You should be a high energy professional with an entrepreneurial mindset and a strong professional presence.

Position Requirements

The ideal candidate will possess:

- A BS degree in Civil or Environmental Engineering (MS preferred) with a focus in Wastewater Engineering.
- 10+ years of progressively responsible project management and business development experience
- Demonstrated success in building and growing business sectors within a consulting firm

Tighe & Bond offers a competitive compensation package, which includes base salary, bonus and equity opportunity. The company has an attractive benefits package including medical insurance, dental insurance, life insurance, short and long term disability insurance as well as a 401(k) plan and match.

Candidates should forward their resume to Gary Pollard at gpollard@tighebond.com.
