OPERATIONS SUPERVISOR

Reporting to the General Manager, this position is responsible for the care, maintenance and daily functions required to ensure the efficient operation of the Milford Water Company's equipment, facilities and employees. The successful candidate will be responsible for inspecting facilities, equipment and overseeing daily operations as required while maintaining appropriate records and ensuring that state and federal reporting requirements are accomplished in a timely manner.

It is highly desirable that the successful candidate have Water Operator's Licenses 2D and 2T and that advanced H2O Licenses and CCC Certification are obtained if not already certified as such upon being hired. A BS Degree or advanced course work in the Earth or Environmental Sciences would be extremely beneficial as well. Other requirements include the demonstrated ability to work with a diversified workforce and to set high performance standards for self-performance and the performance of fellow employees. It is essential that the successful candidate have the ability to professionally work under pressure and addition can demonstrate excellent organizational, multitasking, written and oral communication skills.

Interested Candidates may submit Resumes for consideration to:

Mr. David Condrey, General Manager
