

COMPANY NAME:

Woodard and Curran, Inc.

JOB TITLE:

Wastewater Project Manager - R00762

--LOCATION OF JOB--

COUNTRY: United States

STATE/PROVINCE: Massachusetts

CITY: Andover

ZIP CODE: 01810

DESCRIPTION/RESPONSIBILITIES:

At Woodard & Curran, there's nothing we love more than a tough engineering challenge. We handle a wide range of water and environmental issues—solving complex problems with creativity and integrity. That's how we make a difference to our clients, people, and planet. Our company was founded on a simple concept: provide a safe and enjoyable place to work with opportunity, integrity, and commitment, and we will attract talented people. Those people are at the heart of our firm, solving some of the most pressing water and environmental challenges for our clients.

Overview:

Use your skills and expertise to manage multi-disciplined project teams from planning through

conceptual and final design, construction, and operation for treatment and collection system projects. Not only will you have a team of engineers, planners and scientists to support you, our integrated operations and SCADA team will help you deliver high quality projects. This job opportunity will lead to increasing levels of management and client development responsibilities as you progress your career within Woodard & Curran. You will be a trusted advisor to our longstanding, valued clients will be given the flexibility to manage your own schedule to achieve your goals.

Expectations:

- * Manage project and proposal efforts to meet client and company goals
- * Communicate effectively with clients, regulators and project stakeholders
- * Supervise and mentor junior staff to successfully complete project assignments
- * Participate in Woodward and Curran's internal delivery system improvement programs and engage in our culture of continuous learning

Qualifications:

- * 8+ years technical and project management experience in municipal wastewater engineering and collection system infrastructure
- * B.S. or M.S. Degree in Civil or Environmental Engineering
- * Registered Professional Engineer

- * Experience with AutoCAD and GIS software
- * Knowledgeable in state bidding laws and SRF programs
- * Excellent verbal and writing skills
- * A strong desire to mentor and coach staff
- * Self-motivated and results driven

Woodard & Curran is an Affirmative Action/Equal Opportunity Employer.

Woodard & Curran is a Drug Free Work Place.
