

TOWN OF HADLEY, PRIMARY WATER DISTRIBUTION OPERATOR

1/8/2019

The Hadley Department of Public Works, Water Division is accepting applications for a permanent full time Water Primary Distribution Operator. The Primary Distribution Operator is responsible for the efficient operation and maintenance of the water distribution system, including water pumps, water tanks, water lines, hydrants, and other water related equipment and infrastructure. Duties for this position include installing and repairing water mains, valves and hydrants; maintenance of records; taking water samples; assisting in the operating of the water Treatment Plant, maintaining water quality, reading and interpreting blueprints, maintaining buildings and grounds, meter reading and repair and installation of water system components. Most work is performed in the field with exposure to all types of weather. The candidate will be called for emergency water breaks and perform physical labor under adverse conditions. Must work every second or third weekend in the Water Treatment Plant. Applicants must possess a current D2 and a T1 Massachusetts water license and are required to have, or obtain within 6 months, a CDL Class B w/air brake endorsement. You will also be required to obtain a Hoisting License. The pay scale is \$25.74 to \$34.20 per hour. The successful candidate must pass a pre-employment physical examination and drug test and be subject to a six (6) month probationary period. Applicants can submit a letter of interest and resume or obtain an application at the DPW Office, at 230 Middle St., PO Box 406, Hadley, MA 01035 or submit your resume to waterworks@hadleyma.org. If you have any questions please contact Sharron Gifford at 413-586-8756 or Bill Kelley at 413-588-5857.
