

Hooksett Village Water Precinct is currently accepting resumes for the full-time position of Assistant Superintendent. Candidates must possess active NH Grade II Distribution and Grade I Treatment certifications, or be able to immediately obtain license reciprocity, and have at least 5 years of experience as a Water Works Operator with both field and office/computer skills. The ideal candidate will be confident in their abilities to repair and troubleshoot typical water system distribution and treatment issues, and also be adept at recordkeeping and the use of digital detection, location and GPS devices. Candidates must possess active NEWWA backflow testing certification or be able to obtain said certification within a year. Candidates must demonstrate a can-do attitude, an ability to work well with others and proficiency at working independently, effectively and with minimal supervision. Candidates willing to assist the Precinct in modernizing and expanding its operations are preferred. Candidates must successfully complete an employment application, physical exam, background check, motor vehicle record check, illegal substance testing, and be able to comply with all job description requirements including the need to respond promptly to emergencies. The Precinct offers competitive wages and a generous benefit package. **No phone calls please.** Send resume and cover letter to:
