

MA Public Water System Supervisor/Manager

Your world is always changing, and so are we. Weston & Sampson offers interdisciplinary design, engineering, and environmental services that make the world a better place. Innovative and reliable, we've worked to improve the communities where you live, WORK, and play for more than a century. Come join us as we grow.

Weston & Sampson Services is seeking an experienced supervisor/manager in the Boston/NorthShore area with at least 5 years of supervision/management experience holding an active Massachusetts Drinking Water License – Distribution Operator (grade D-2 or higher) to assist with the ongoing supervision and management of Public Water Systems in Massachusetts. Duties will include normal supervision and management tasks of a public water system's operation, maintenance and management including scheduling/planning, supervision of the field/operations staff, reporting and oversight of preventive and repair maintenance, meter reading, meter replacements, water main flushing, valve operations, capital improvements, water quality sampling and backflow device testing/surveying. The candidate will need to be available for after-hour, weekend and holiday emergency coverage.

Minimum Requirements include:

- Massachusetts Drinking Water Distribution License, Grade D-2 or higher
- Minimum of five (5) years of water/utility supervision/management experience
- Valid driver's license
- Good verbal and written communication skills, math skills, and the ability to read complex technical instructions
- Available for on-call emergency coverage after-hours, weekend and holidays.
- Proficiency with Microsoft Office products

Preferred experience includes:

- Massachusetts Drinking Water Treatment License, Grade T-1 or higher
- A Massachusetts/New England Water Works Backflow Device Tester &/or Surveyor License
- SCADA experience

Weston & Sampson is an employee-owned, mid-size company with public and private clients throughout the eastern United States.
