

MWWA EDUCATION SEMINAR

PFAS in MASS: Important Overview & Updates for MA Public Water Systems

Course ID # MWWA 20-002 ***NEW***

On December 13, 2019 MassDEP released their draft regulations to create an MCL of 20 ppt for a total of 6 Per and Poly-fluoroalkyl substances (PFAS). This seminar will provide attendees with an overview of the proposed MassDEP regulation. The session will also provide information about the sources of the contaminants, transport into drinking water systems, sampling and analysis, and options available for treatment. There will also be a case study of how the Town of Hudson is dealing with PFAS found in their water supply. This course is approved for 3.0 TCHs (Training Contact Hours) for MA Water Operators.

Learning Objectives:

- Understand PFAS compounds, their chemistry, sources, sampling & treatment
- Review MassDEP proposed regulations
- Learn about how the town of Hudson is addressing PFAS in their ground water supply.

LOCATION: Hudson Public Works Dept. – Conference Room
1 Municipal Dr., Hudson, MA 01749

DATE: Tuesday, Feb. 11, 2020 (Snow date: Wednesday, Feb. 19, 2020)
