

MWWA OPERATOR EXAM PREREQUISITE COURSE

Concepts & Practices of Drinking Water Distribution
Live In-Person Training!

MWWA Course ID #EXM-2012-04

This is a 12-week state-approved course that is being taught live in-person. The course is designed to cover the concepts of drinking water distribution . Taking and passing this course is a prerequisite for taking the Massachusetts Grades D2, D3 and D4 Drinking Water Licensing Exam(s).

Participants will meet for 3 ½ hours each week and learn information important to a distribution operator including: hydrology, source waters, basic math and chemistry, regulations, water sampling, hydraulics, distribution system components (pipes, valves, pumps, tanks, and meters), equipment operation and maintenance, safety and administrative duties. *(Note: basic math knowledge is required for this course. Individuals not comfortable with math concepts should consider taking a math course before taking this course.)*

Upon successful completion of this course a “Certificate of Completion” will be issued along with a Certificate for up to 37 Training Contact Hours (TCH). Successful completion requires achieving a final score of 70 points through a combination of attendance (must attend minimum of 10 classes), homework, midterm exam and final exam. *(Note: Certificates will only be issued when full payment has been received)*

LOCATION: Fallulah Water Treatment Plant, 1200 Rindge Rd., Fitchburg, MA
