

Woodard & Curran
Maintenance Mechanic/Technician
Boston

Posting Days:

30

CLASSIFICATION TYPE: Permanent

CLASSIFICATION TIME: Full-time

COUNTRY: United States

STATE/PROVINCE: Massachusetts

CITY: Boston

ZIP CODE: 02118

JOB TITLE:

Maintenance Mechanic/Technician

Application number:

R01626

DESCRIPTION/RESPONSIBILITIES:

At Woodard & Curran, we handle a wide range of water and environmental issues—solving complex problems with creativity and tenacity. That’s how we make a difference to our clients, people, and planet. Our company was founded on a simple concept: provide a safe and enjoyable place to work with opportunity, integrity, and commitment, and we will attract talented people. Those people are at the heart of our firm, solving some of the most pressing water and environmental challenges for our clients.

This job posting is designed to put you in contact with us to be considered for future available positions in South Boston, Massachusetts area!

For more than 25 years, Woodard & Curran has offered contract operations and management services for drinking water, municipal and industrial wastewater, groundwater remediation, and solid waste facilities nationwide. Currently we contract operate more than 50 facilities nationwide. Woodard & Curran draws on the experience of hundreds of certified operators across the country, backed by the knowledge and skills of hundreds more engineers, scientists, and regulatory experts, to quickly tackle the most challenging operational issues and keep treatment plants running efficiently and in full compliance.

Woodard & Curran is growing, and we are looking for qualified Maintenance Technicians and Mechanics in South Boston! As a Maintenance Technician, you will repair and maintain machinery and mechanical equipment such as engines, pneumatic tools, vehicles, and sewer and/or water distribution systems, while complying with all company Health & Safety procedures and policies. Must be able to dismantle devices to gain access to and remove defective parts and examine form and texture of parts to detect imperfections. Employees who join Woodard & Curran's staff find a culture that is welcoming, supportive, and empowering.

What would you be doing at Woodard & Curran?

- Day-to-day operations and maintenance of the facilities.
- Implementation and management of an innovative predictive maintenance management program.
- Emergency response for process upsets, equipment failures, force majeure events, all alarm events, etc.
- Perform all routine, preventive and corrective maintenance assignments that are assigned to by the project's preventive maintenance and repair program.
- Perform housekeeping duties in the maintenance department and on maintenance vehicles as assigned by the project's manager.
- Conduct all work in a safe and professional manner by following established safety, operating, and emergency response procedures.
- Complete all work and projects to meet goals and objectives set by the project's manager.

What would you need to succeed?

- High School Degree or Equivalent.
- Valid Massachusetts Driver's License required.
- Ability to make sound decisions in process control and follow instructions, as well as follow safety procedures.
- Successful candidates will be required to complete a background check, pre-placement physical and drug screen before employment.
- 10 to 15 years' experience in managing complex water and/or wastewater facilities.
- Excellent verbal and written communication skills.
- Proven track record with regulators.

Why would you choose Woodard & Curran?

- You would be offered a generous total rewards package:
 - + Competitive compensation.
 - + Excellent Benefits to include retirement, generous paid time off, holidays, medical & dental insurance, flexible spending account.
 - + career growth.
 - + Support and reimbursement in earning, upgrading, and keeping your licenses and certifications within the industry. Bonus potential for obtaining next level licensure.

+ The opportunity to become more versatile and even more technically proficient. We cross-train to improve facility operations, job satisfaction, and job security.

We look forward to hearing from you and to discuss why YOU would be a great addition to the Woodard & Curran team!
