

Assistant Superintendent Water & Sewer Operations

The Town of Shrewsbury seeks an energetic professional to join the dynamic leadership team in the Water and Sewer Division within the Department of Public Works. This new role will work to move the organization forward, with the goal of assisting in being the best local government in the world. This position serves as the primary operator for water distribution for the Town's public water system, and will work to maintain and improve upon the efficiency and effectiveness of all areas under their direction and control. Salary range is \$32.48 – 43.84 per hour.
