

## **Environmental Technician Wanted!**

***entry level starting at \$20-\$23/hour – experience/licenses starting at \$25-\$29/hour***

Weston & Sampson is a 100% employee-owned, full-service environmental and infrastructure consulting firm made up of more than 800 professionals, who work together to develop innovative, cost-effective solutions for our clients. **Weston & Sampson Services is looking for a Pump Station Technician. This position will require travel in the area north of Worcester, including but not limited to West Boylston, Lancaster, and Shirley. Experience preferred; however, we are willing to train the right candidate.**

### **What you'll do:**

- Responsible for the day-to-day operations and maintenance of treatment plants and associated pump stations within the service area.
- Perform daily inspection, maintenance, repair, and troubleshooting of mechanical equipment at wastewater and water treatment plants and pump stations, as assigned.

### **What you will bring:**

- Must be able to climb ladders and lift and carry a minimum of 50 pounds
- Must have a valid driver's license
- Will be required to respond to emergencies, work shift, on-call, weekends, and holidays, as assigned
- A high school diploma, or equivalent, and a minimum of one year of mechanical experience are required
- Must have good written and verbal communication, customer service, problem solving, and organizational skills
- Ability to obtain a wastewater treatment and/or water treatment operator's license within 1 year of employment is preferred

### **Incentives:**

Pay increases may be offered with newly acquired licenses.

### **Requirements:**

Full-time position may require various shifts and/or flexible hours.
