Job Posting

WATER/WASTEWATER ENGINEER DPW - ENGINEERING DIVISION

The Town of Plymouth seeks qualified applicants for the position of Water/Wastewater Engineer for the Department of Public Works, Engineering Division

Performs administrative, supervisory, and technical work within the Engineering, Water and Sewer Divisions; designs, reviews and assists in management of water and sewer related capital improvement projects; reviews water and sewer plans related to private project development for compliance with Town standards; researches options to resolve water and sewer problems within the Town; conducts water and sewer studies; provides engineering and construction guidance and direction to general public and Town staff on water and sewer related issues.

Performs similar or related work, as required, or as situation dictates.

Bachelor's degree in Civil, Environmental, or Mechanical Engineering; five years of progressively responsible experience in municipal water/wastewater engineering including a minimum of three years progressive supervisory experience; or an equivalent combination of education and experience. Special Requirements include registration as a Professional Engineer (PE) or Engineer in Training (EIT) and a Massachusetts Class D Driver's license.

For a complete outline of duties, minimum qualifications and requirements, please refer to the job description available in the Human Resources office.

Salary: \$36.7185/hour, 40 hours/week. Applications will be reviewed upon receipt. Applications, to be submitted with a cover letter and resume, are available at www.plymouth-ma.gov and will be accepted on-line or in the Human Resource office, 26 Court Street, Plymouth, MA 02360. AA/EOE
