

JOB TITLE: ENGINEER

The Springfield Water and Sewer Commission (SWSC) is seeking highly motivated and innovative candidates to work as an **Engineer** for our Engineering and Technical Services Department in Agawam, MA. We seek candidates with various levels of experience and education to add depth and knowledge to our technical team.

About SWSC: SWSC was established in 1996 as an independently operated and managed regional water and wastewater utility that provides retail and wholesale water and sewer service to approximately 250,000 customers across multiple communities in the lower Pioneer Valley. The SWSC has approximately 250 employees that operate and maintain a system of one thousand miles of water and sewer pipe, treatment plants, reservoirs, watershed land, dams, and other critically important infrastructure that serves the public.

Mission Statement: SWSC's mission is to provide an uninterrupted, high-quality supply of water to our customers, to collect and treat wastewater, and return clean water to the environment.
