

# **Raynham Sewer Department**

## **Position Vacancy**

### **PUMPING STATION ELECTRICAL TECHNICIAN**

The Town of Raynham Sewer Department is seeking qualified applicants for the position of Pumping Station Electrical Technician. The town has a wastewater collection system consisting of 35 pump stations and approximately 80 miles of gravity sewers and force mains.

Responsibilities include developing knowledge of the operation and maintenance of wastewater pumping stations and the principals and practices related to pumping station controls. The successful candidate will be expected to test and maintain electrical wiring, generators, motor control centers and electronics, as well as perform daily checks of assigned pumping stations plus operation and maintenance tasks. Some weekend work is required as well as being on an on-call schedule.

Minimum job qualifications include a high school diploma, a MA Class B Journeyman Electrician license, OSHA 10 Hour Construction Safety Certification and a MA driver's license. Additional desirable qualifications include (but not mandatory upon employment) a MA Grade 2 Wastewater Treatment Operator's license and a MA Class 2B Hoister's license. Starting hourly rate is \$ 35.33 per hour plus other incentives and stipends including step raises, on call pay, clothing allowance and periodic overtime callbacks along with other municipal benefits.

The successful applicant will be expected to pass a CORI/ SORI and a SAFIS investigation plus a pre-employment DOT physical examination.

Applicants should deliver their resume to the Raynham Sewer Superintendent, Robert Carey, Sewer Maintenance Facility, 416 Titicut Road, Raynham, MA 02767 no later than noon on Friday December 10,2021 or by emailing to [HumanResources@town.raynham.ma.us](mailto:HumanResources@town.raynham.ma.us)

The Town of Raynham is an Equal Opportunity Employer.
