

Position: Project Manager – Water/Wastewater

Office Location: Norwood

20-PM/WW-02BM

Ready to advance your career while contributing to the future success of a rapidly growing firm? BETA has an immediate opening for a motivated and experienced Project Manager in our Norwood office. In this role, you will work alongside industry-leading engineers, planners, and landscape architects on high-profile water, wastewater, and stormwater projects.

Responsibilities/Skills Required:

- Provide leadership, direction, and technical guidance to staff in the water/wastewater department assisting on project planning and design efforts for municipal clients on a variety of water, wastewater, and stormwater related projects
- Lead designer and/or project manager on water and wastewater projects
- Plan, schedule, and conduct/coordinate all phases of assigned projects
- Develop and evaluate projects plans, schedules, and budgets
- Responsible for proper quality control on all assigned projects
- Perform peer reviews and make technical presentations
- Business development, identify potential clients and assist in proposal development
- Manage clients, contracts, and budgets
- Manage and mentor staff

Education and Experience:

- Ability to demonstrate an established career with 10-15 years of experience in water, wastewater, or stormwater engineering
- Modeling (stormwater) experience preferred but not required
- Bachelor's degree in Civil or Environmental Engineering
- PE license is required
- AutoCAD experience preferred

About BETA:
