

Woodard & Curran

Water Treatment Operator (Entry Level)

Cohasset, MA

Posting Days:

30

CLASSIFICATION TYPE: Permanent

CLASSIFICATION TIME: Full-time

COUNTRY: United States

STATE/PROVINCE: Massachusetts

CITY: Cohasset

ZIP CODE: 02025

JOB TITLE:

Entry Level Water Treatment Operator

Requisition Number:

R01598

DESCRIPTION/RESPONSIBILITIES:

Woodard & Curran is seeking a full-time, year-round individual to join our water treatment staff at our facility in Cohasset, Massachusetts. This is fantastic opportunity for someone looking to jump start their career in the water treatment field! Woodard & Curran will support you in starting your career path by providing on-the-job training and mentoring while you study for your water treatment exam and work towards obtaining your license. We provide bonuses for each level of license that you achieve!

Our Operators are responsible for the full-time operation and the general maintenance of the facility's treatment process & equipment, as well as returning the treated water back to the environment. The position involves a variety of both physical and technical tasks such as testing and processing samples in our lab, inputting data into our plant databases, housekeeping, servicing the plant's equipment, gathering plant data, snow removal, and grounds keeping. Each day can present a different challenge and learning opportunity. We take pride in caring for our facility, both inside and out! If you enjoy working outdoors protecting nature's precious resource, water, then this position is for you. Woodard & Curran is dedicated to our employee's growth and development and wants to help you on your career path.

What You Will Be Doing At Woodard & Curran:

- Monitor water treatment plant processes and equipment both manually and via SCADA automation, making adjustments as necessary to control their operation.
- Monitor remote pump stations with inspections and daily sampling as required.

- Perform water quality sampling, testing, and analysis to determine compliance with federal, state, and EPA standards.
- Operate, maintain, control, and perform routine repair of plant equipment, including preventive maintenance duties. Establish, maintain and control flow through the water treatment process and into and within the distribution system.
- Utilize software programs for maintenance work orders and maintains all necessary records.
- Perform general maintenance duties of plant and other assigned duties.

Schedule:

Full-Time Days and extended shifts to meet the seasonal demands of the water system – we pay overtime! Reliable and dependable attendance is an essential function of this position. Response to emergency events and alarm call-outs required as scheduled and required.

What will you need to succeed?

- High School Degree or Equivalent.
- Ability to obtain a Massachusetts Water Treatment Operator's License.
- Ability to make sound decisions in process control and follow instructions, as well as following safety procedures.
- Successful candidates will be required to complete a background check, pre-placement physical and drug screen before employment.
- Valid MA driver's license with a good driving record.

This position starts at \$48,000 - \$58,000/year and is eligible for overtime pay.

Woodard & Curran offers a generous compensation and benefits package to include retirement, generous paid time off, holidays, On-call stipend, medical & dental insurance, flexible spending account, career growth, license renewal costs reimbursement program, and more!

Woodard & Curran is an Affirmative Action/Equal Opportunity Employer.

Woodard & Curran is a Drug-Free Work Place.

Individuals with Disabilities and Protected Veterans are encouraged to apply.
