DESCRIPTION/RESPONSIBILITIES:

At Woodard & Curran, there's nothing we love more than a tough engineering challenge. We handle a wide range of water and environmental issues—solving complex problems with creativity and tenacity. That's how we make a difference to our clients, people, and planet. Our company was founded on a simple concept: provide a safe and enjoyable place to work with opportunity, integrity, and commitment, and we will attract talented people. Those people are at the heart of our firm, solving some of the most pressing water and environmental challenges for our clients.

Woodard & Curran draws on the experience of hundreds of certified operators across the country, backed by the knowledge and skills of hundreds more engineers, scientists, and regulatory experts, to quickly tackle the most challenging operational issues and keep treatment plants running efficiently and in full compliance. Woodard & Curran also aids employees in earning, upgrading, and keeping their certifications within the industry.

What will you be doing at Woodard & Curran?

Be part of a team that runs the first CoMag system in the entire world! The Concord, MA Wastewater Treatment Facility is the first wastewater plant on the planet to utilize CoMag treatment technology, which uses magnets to help treat the wastewater resulting in a highly polished final effluent. Each day presents different challenges and learning opportunities as we work towards 100% compliance which is achieved by daily process monitoring and a comprehensive maintenance system. If you enjoy working outdoors protecting nature's precious resource, water, then this position is for you. Woodard & Curran is dedicated to our employee's growth and development and wants to help you on your career path.

The Concord, MA staff is responsible for the operation and maintenance of the wastewater treatment plant and the building and grounds. This full-time position is responsible for the operation and general maintenance of equipment at a 1 MGD advanced wastewater treatment facility. Primary focus will be in laboratory analysis, record keeping, and process control. Secondary focus is assisting with maintenance projects and general facility and grounds maintenance.

Our operators participate in an “on call” rotation for plant coverage outside normal workday hours and shifts may include weekends. In addition, operators will be required to respond to emergency situations and work in inclement weather as needed. The daily schedule is Monday – Friday, 7.00AM – 3.30PM.

What will you need to succeed?

- \* Massachusetts Grade IV or higher license, or the ability to obtain within 6 months.
- \* Minimum of one year of experience in a wastewater treatment facility, operation, and maintenance; or any equivalent combination of education.
- \* High School or trade school diploma is required, Associate Degree or higher preferred.
- \* Ability to establish and maintain effective working relationships with superiors, other personnel, and the general public.
- \* Ability to communicate effectively, orally and in writing.
- \* Familiarity with biological/chemical treatment processes with particular aptitude for laboratory analysis, record keeping, and facility maintenance.
- \* Must be able to lift or move up to 40 lbs. on a regular basis.

Woodard & Curran offers a generous compensation and benefits package to include retirement, generous paid time off, holidays, medical & dental insurance, flexible spending account, career growth, and more!

Woodard & Curran is an equal opportunity employer.

Woodard & Curran is a Drug Free Work Place.

Individuals with Disabilities and Protected Veterans are encouraged to apply.
