

Assistant Plant Manager

Hull, MA

At Woodard & Curran, there is nothing we love more than a tough engineering challenge. We handle a wide range of water and environmental issues—solving complex problems with creativity and tenacity. That's how we make a difference to our clients, people, and planet. Our company was founded on a simple concept: provide a safe and enjoyable place to work with opportunity, integrity, and commitment, and we will attract talented people. Those people are at the heart of our firm, solving some of the most pressing water and environmental challenges for our clients.

Woodard & Curran draws on the experience of hundreds of certified operators across the country, backed by the knowledge and skills of hundreds more engineers, scientists, and regulatory experts, to quickly tackle the most challenging operational issues and keep treatment plants running efficiently and in full compliance. Woodard & Curran also aids employees in earning, upgrading, and keeping their certifications within the industry.

What will you be doing at Woodard & Curran?

Exciting things are happening at our Hull, Massachusetts wastewater treatment facility! The plant is undergoing a comprehensive upgrade that will make it a state-of-the-art Wastewater treatment facility able to handle anything that the New England weather and seasonal population can throw at it. Each day presents different challenges and learning opportunities as we strive to maintain compliance and produce the highest quality water for the local citizens while construction happens concurrently. If you enjoy working outdoors protecting nature's precious resource, water, then this position is for you. Woodard & Curran is dedicated to our employee's growth and development and wants to help you on your career path. Come enjoy the view at our Hull, Massachusetts treatment facility!

We are seeking an Assistant Plant Manager with a minimum Massachusetts Grade 6 wastewater certification. In this role you will assist the Plant Manager with the day-to-day operations, maintenance, and management, maintaining close client communications for the project, and other administrative duties.

Typical responsibilities include:

- Day-to-day operations and management of the facilities, including provision of trained staff 24/7.
- Day-to-day operations and management of the remote communications network and assigned SCADA network.
- Implementation and management of an innovative predictive maintenance management program.
- Administration and implementation of all routine and capital repair and replacement projects.
- Emergency response for process upsets, equipment failures, force majeure events, all alarm events, etc.
- Provision of requested / required operations and compliance reporting to regulatory agencies and Town of Hull.

The Assistant Project Manager will play an active role in the coordination and communication with assigned staff, client representatives, contractors, and any assigned engineering firms. He or she will also work closely with all parties to ensure effective system operation and optimization. The successful candidate will be responsible for performing hands-on work and producing all required reports. He or she will coordinate the on-going daily operation of the utility system.

Competitive and negotiable salary.

What will you need to succeed?

- 10 to 15 years' experience in managing complex water wastewater treatment facilities including laboratory, and collection systems.
- Massachusetts Wastewater Operators License - Grade 6.
- High school or equivalent, with technical/vocational school background; College degree preferred with focus in Environmental Areas.
- Experience overseeing operating and capital budgets.
- Participation directly and to a significant extent in the operation, maintenance, and repair of water/wastewater facilities throughout the last ten years.
- Experience managing a minimum of 5 staff.
- Excellent verbal and written communication skills and interpersonal skills.
- Proven track record with regulators and solid understanding of regulations and reporting requirements.
- Applicant must possess a valid Driver's License and a good driving record and must be able to lift or move up to 40 pounds on a regular basis.

This position comes with a \$2500.00 sign-on bonus!

Woodard & Curran offers a generous compensation and benefits package to include retirement, generous paid time off, holidays, medical & dental insurance, flexible spending account, career growth, and more!

Woodard & Curran is an equal opportunity employer.

Woodard & Curran is a Drug Free Workplace.
