

## University of Prescott Apprentice Program

The University of Prescott is an apprentice program designed to help candidates become proficient in the following industries: Water, Wastewater, Stormwater and Erosion Control. This is a two-year program that covers many aspects of Team EJP's operations. Training will occur mostly in field locations, including manufacturing visits. There will be some classroom training as well. Topics include safety, inside and outside sales, service work, estimating, and other related industry tools. Extensive travel is required. We pay students to learn, and qualified students are guaranteed a job at the end of the two year program.

Candidates who complete the program are assigned to a location or position that best fits the individual students' gifts and talents, and how they relate to helping Team EJP grow. The candidate must realize that placement could be in any one of the divisions and in any state that Team EJP is located. Team EJP is located in the following states: Maine, New Hampshire, Massachusetts, Rhode Island, Connecticut, Vermont, New York, Ohio and Indiana.

We are looking for anyone with a good work ethic, willingness to travel and willingness to LEARN. Potential Candidates are asked to pass a pre-employment drug screening, complete a physical examination and a criminal background check. If you are mechanically minded, like working with people and are looking to build a career, then this is the program for you!

### Requirements:

- Highschool Diploma or Equivalent
- Pass a Background Check, Pre-Employment Drug Screen, and DOT Physical
